"It is always the unexpected that happens" and just at present while there is a shortage of kerosene in the market, although we have a good supply on hand, it would not be surprising to learn that something would occur to our improved lights, which would necessitate our returning to the old standbys, Kerosene lamps. For that reason we deem it advisable to talk to you on the subject of lights generally.

The B. and H., make of lamps are too well known and have been discussed by us at various times so that no details are required; suffice it to say that we have some very pretty designs in portico lamps; hall lamps of 2, 3, and 4 lights, plain or fancy.

The Dietz people make some fine lamps suitable for street corners, tubular shape, with or without reflectors, which will not blow out in a strong wind. Other patterns are used for lighting lanais, stables and out-houses, for servants or general use.

These lamps are just thing for lighting up a lanai for dancing or a lawn for an evening party.

All have large burners and throw a strong and steady light.

The cost is very nominal when the service derived from them is taken into consideration.

T. W. NOYES RETURNS FROM THE ORIENT SHORES.

Newspaper Man Who Has Talked With Japanese Officials and Studied the People—No Trouble Ahead.

T. W. Noyes, son of Crosby S. Noyes, Editor and proprietor of the Washington Star, accompanied by Mrs. Noyes, arrived by the Gaelic from Japan and is now comfortably domiciled at the Hawaiian Hotel. They will remain in the city until the latter part of the month, when they will take passage on the City of Peking.

Mr. Noyes has been in Japan since March representing the Star. He has been a close observer and during his stay at the Japanese capital succeeded in obtaining an audience with high officials.

"I found that the controversy over the Japanese immigration into Hawaii was being viewed by them in a very conservative light," said Mr. Noyes this noon. "Not only was this true of the officials, but also of certain classes of the populace, who are well informed on the matter."

"I am convinced that the Japanese Government will not allow their grievances to get beyond negotiations or arbitration, for they realize well enough that they would suffer embarrassment were it to go further. Were it not that they believed the United States to be at Hawaii's back, the Japanese Government would undoubtedly have attempted to force an issue ere this. Her plan would have been to turn the guns of her man-of-war on Honolulu and commanded the Government to come up to the mark."

Japan cherishes a sincere hope that the United States will refuse annexation and even protection to Hawaii in such a manner that she can increase her colony here to such an extent that when the time came for her to insist upon representation of her subjects that she might control the country by the ballot box. The officials say that the Hawaiian Government claims to be a representative government, but they say that they fail to see it, when 26,000 Japanese are denied this privilege.

"The Government of Japan is counting much on the treaty which is to go into effect in 1899, which will place her on an equality with all other civilized nations. Her ambition is to control Asia, and her army now could conquer the whole of Asia providing there was no outside interference. Japan has her eyes on Russia just now, and I can assure you that she is not looking for trouble with the United States over the Hawaiian controversy."

MONEY TURNED OVER.

The Kalawao Boys Will Get Their Uniforms and Caps Shortly.

The business department of the Star now holds the following receipt: "Received of the Hawaiian Star Newspaper Association, the sum of \$211.50, which is the amount of subscriptions collected to purchase uniforms for the Kalawao Band on the Molokai settlement."

WILLIAM O. SMITH.

Brother Dutton, who is in charge of the Baldwin Home for Boys, has been written to for measurements and an answer is expected this week. Enough money is now on hand to supply the entire band of thirty-two members with blue serge and white duck suits, with caps to match.

LOG CABIN CANDY.

COOL MILLION THE 'STAKE

GAELIC IN A HURRY TO REACH SAN FRANCISCO.

Loaded Down With Opium, Raw Silk and Other Goods Upon Which Import Duty Soon Advances.

If the Gaelic should chance to be delayed en route so that she arrives in San Francisco after July 1st, the importers interested in her cargo will lose something like \$1,000,000. That is what made Captain Finch a bit nervous last evening when the mail was late and kept the steamship at the dock fifteen minutes after sailing time. The Gaelic is carrying a big load of freight, and had a noticeable list to starboard as she steamed out of the harbor.

The principal portion of the Gaelic's cargo is opium and raw silk. After July 1st the duty on opium increases \$2 per pound, and on raw silk 50 per cent, so that the loss to importers would be very heavy should the vessel be delayed. Captain Finch stated that the value of the opium aboard was about \$1,000,000, and the silk about the same amount. In addition the Gaelic has a large amount of other articles upon which the duty has advanced, or will advance after July 1st. Work has been received here that three Japanese tramp steamships, two of 3000 tons and one of 4000 tons, are now on their way to San Francisco with full cargoes of the same dutiable articles that are included in the Gaelic's cargo.

A HAWAIIAN IN JAPAN.

A Hawaiian, says the Tokio Asahi, has the distinction of being the pioneer of mixed residence in Japan. Since the abandonment of the extra territorial system by Hawaii in 1894 it has been lawful for Hawaiian citizens to settle where they please in Japan, and to enjoy all the privileges granted by law to Japanese subjects. A Hawaiian, whose transliterated name reads G. N. Blude (or Brude), has registered himself as a resident in the house of Mr. Nihakawa Tomomatsu, Yokohama. This is the first example.

GONE EAST.

Lieutenant Commander Ingersoll, recently relieved from duty on the Philadelphia, sailed for San Francisco on the Gaelic yesterday. A large number of officers and civilians were on the dock to see him off. He was a great favorite aboard ship, both in the ward room and crew's quarters, and made many warm friends ashore by his kindness and courtesy.

WEEK'S NEWS FROM MAUI

PUNENE CLUB GIVE A DANCE AT SPRECKELSVILLE.

Closing Exercises at East Maui Seminary—Concert at Haiku—Enos Land Case Hangs Fire—Court News.

Maui, June 19, 1897.

Last night at Spreckelsville Hall the Punene Club gave its initial dance and is to be congratulated on the success of the affair. Though the night was dark, about thirty couples gathered from Wailuku and Makawao districts, comfortably filling the hall. Neatly printed programs were distributed, and the floor committee, Messrs. R. F. Wilbur, Jr., P. S. Seales, and J. M. Smith, assisted by W. H. Campbell of Waihee, did what they could for the pleasure of the dancers. The hall was most tastefully decorated with flags, bunting, greens and Japanese lanterns, and presented a very pretty effect.

On Wednesday last the Maunaloa seminary held its annual closing exercises in the large school room. A goodly number of people were present from all over the island, and the order of the day was as follows:

First came the examinations, the pupils acquitting themselves very creditably. After this a program consisting of music, songs, recitations, and a cantata entitled "Father Time" were rendered. Miss Mary Filton was "Father Time," and other girls represented the hours, minutes and seconds, carrying out their parts in a most satisfactory and pleasing manner. The assembly was addressed by Rev. E. G. Beckwith, Father Bailey, Rev. J. Kalino, Rev. S. Kapu, and others. A lunch was served to the foreign guests, and poi and salmon to the Hawaiians. The day closed a very successful term of the school, much credit for which is due the teachers.

Miss Smith and Miss Leonard leave soon for the States, new teachers taking their places next year.

Thursday afternoon the Circuit Court finished up its work for the June term and adjourned. The jury in the land case of Enos vs. Baker disagreed, standing 6 to 6. This is the third time that this has happened, so it will most likely again be before the Court in the December term. The last two days the Court was occupied with jury waived cases. On Thursday two applicants for admission to the bar were examined, and both passed. Deputy Sheriff Scott was one of them, and the other was a Hawaiian.

The Haiku Government school gave a pay concert in the Haiku Church on Monday evening last, the proceeds to be devoted to buying new books for the school library. The program, mostly musical, was successfully carried out, and reflected great credit on the training of Miss Fleming, the principal. A good crowd was present and a neat little sum was realized.

The Haleakala Ranch Company are moving their blacksmith shop and other buildings situated heretofore near the Catholic Church, Makawao, to Kapalaia, near the manager's house, so that everything will be together in one spot.

The three-masted schooner Eva, Kliffard master, arrived on Tuesday from Mahukona, and sailed Thursday with a full cargo of Haiku and Paia sugar.

The three-masted schooner Albert Meyer, Marshall master, reached port on Thursday, 28 days from Alaska, with 11,834 bags of guano for Haw. Co. and Sing Co.

PUNAHOU GRADUATES.

Listen to an Able Sermon by Rev. H. H. Parker.

The baccalaureate sermon to the graduating class of Oahu College was delivered at Central Union Church last evening by Rev. Henry H. Parker of Kawaiahae Church. Mr. Parker urged the young people to study themselves and find out their weak points. On Tuesday morning will be the public recitations by the Punahou preparatory school.

The commencement exercises of the class of '97 occur on Thursday evening.

THOSE JAPANESE CLAIMS

SEVERAL ALTERNATIVES ARE SUGGESTED.

Judge Hartwell Writes Upon the Present Position of the Question and Puts Matters in a Clear Light.

Editor Star: I do not know precisely what the claim of the Japanese Government is concerning the sending back of Japanese immigrants.

If Japan claims that the Alien Passenger Act of Hawaii, which requires immigrants to have \$50 each in their bona fide possession, is an infraction of the Japanese treaty, it must be on the theory that the treaty excludes police regulation on the subject of immigration, and, unlike the United States, is paramount over Legislative enactments. This involves nice questions of constitutional as well as of general law.

If, on the other hand, the claim is that the Alien Passenger Act was unfairly administered, in that the Collector of Customs did not give a fair hearing to the cases, then a question of fact arises, which ought easily to be ascertained and adjusted.

Again, if Japan claims that its labor convention with Hawaii is not applicable to all laborers coming here from Japan, but only to such as professedly come under the terms of the convention, a nice question of international law, as applied to the construction of treaties, may arise.

But whatever the position assumed, it ought to be susceptible of amicable adjustment, for each party must look to a conclusion based on legal reasons such as would commend themselves to competent and impartial judges.

ALFRED S. HARTWELL.

AN EXTRA INNING DECIDED.

It was necessary to play ten innings at Saturday's ball game to determine which was the winning team. Much to the surprise of everybody the St. Louis College boys won over the Stars by a score of 13 to 11.

The game was unquestionably one of the most exciting of the season. The College boys did some clever batting.

There is a possibility that one of the postponed games will be played on Wednesday morning. It is quite generally understood that a game will be played on Monday, July 5.

LAHAINA NOTES.

Lahaina, June 19, 1897.

Yesterday afternoon, just after the Kinau had taken her departure for Maunaloa, a horse and brake belonging to A. L. Kamana, ran away. The horse was left standing at P. Shaw's and took fright. He ran about half a mile along the main road, turned up Lahainaluna road and was stopped just before he reached the mill. Fortunately no one was hurt and no damage was done.

Mr. and Mrs. Abbott take the Claudine tonight for Honolulu. Mr. Abbott is going to Germany for a year, and Mrs. Abbott will remain in the States while he is away.

Mr. F. Kohler, bookkeeper at the Pioneer mill, also leaves here for a trip to Germany on the 22nd.

A dancing party comes off tonight at the school room at St. Cross.

D. Kanewani, principal of Honokawai Government school, has resigned his position. He is going to teach in the Hilo boarding school under Mr. Lyman.

JUBILEE ARRANGEMENTS.

W. G. Singlehurst, W. C. Roe, and D. Collins will be the judges for the children's sports. George Angus and Tom Wright will officiate as handicappers.

A. G. M. Robertson and Fred Harrison are a sub-committee to arrange for the publication of an official program.

B. F. Beardmore and W. Thompson are the recording secretaries for the day.

Hay Wadehouse will see to it that the band is properly transported from the boat houses to Kapiolani Park.

F. L. Waldron, D. W. James and S. E. P. Taylor have been added to the sports' committee.

Registration office, 409 Fort Street.

WILL BUILD NEW WHARVES

THE OAHU RAILROAD COMPANY IMPROVEMENTS.

Present Dock Room to be Increased Two-fold—Building Material Already On the Way Here.

Bids will be called for early next month for two new wharves for the Oahu Railway Company. Preparations for the work have been going on for some time, and everything will soon be in readiness. The present wharf room is inadequate for the transaction of the company's business.

The principal one of the new wharves will extend out from the shore line 300 feet and will be 150 feet wide. It will be mauka of the present wharf, forming a slip wide enough to admit two large vessels abreast. Another slip as broad will be formed by the building of a second wharf, 150 feet in length, mauka of the wharf just described. The second wharf will be only a "one-sided affair. With adequate warehouses built upon these wharves, there will be room to handle easily the freight business of the railroad for many years to come.

Much of the material for the construction of the new wharves is already on the ground. The Matilda left 300 piles here on her last trip, in addition to a lot of heavy lumber. The Diamond Head, now 29 days out from the Sound, has another lot of heavy timber, and a large quantity of ties for the railroad extension. The remainder of the timber is either on the way or ordered. A German ship is now en route here from Liverpool with fifteen miles of railroad iron for the Wailua extension, so that it is probable that before Christmas there will be considerable activity along the line of the railroad.

At present the warehouse at the railroad wharf contains 55,000 bags of New York sugar, and the stuff is piling up at the rate of 1000 bags per day. Superintendent Bergstrom said Saturday that he had room for only about 3000 more bags. There are ships in the harbor to take it, but no room at the present wharf for them.

MAJ. CHARLES J. MCCARTHY. It is Col. Fisher, Lieut.-Col. McLeod, Maj. Jones, and Maj. McCarthy now. These officers were elected to their respective ranks at a meeting of the officers of the National Guard on Saturday evening.

There were three candidates for the junior majorship. Capt. McCarthy received fourteen votes on the first ballot and was declared elected. Capt. J. W. Pratt received seven votes, and Capt. Camara three votes.

The Board of Officers has selected Col. Fisher to serve as chairman, Capt. Schaefer secretary, and Adjut. Ed Towse, treasurer.

JAPAN'S CABINET INCREASING.

The Japan mail says that it is reported that Count Okuma, Minister of Foreign Affairs and of the Agricultural and Commercial Department, will resign the latter post and will be succeeded by Count Gato.

Viscount Takashima, Minister of War and Colonization, is also about to resign the latter post and will be succeeded by Baron Hasuba.
